

Biogas register statement about a biogas certificate

Number TEST2023071809535440808

Please check the validity of the register statement at: www.biogasregister.de/pruefung

Quantity verification

Creator:

Recipient: Recipient company, Street B 23, 32165 Town B

Quantity in kWh: **500.000 kWh_{HS}** 454.545 kWh_{HI}

Intended use: Biomethan Europa:

Energy product: Biomethan

Feed-in & Use

Feeding into the natural gas network

Place of transfer/extraction / MaLo

Country, if applicable origin register: Deutschland

Deutschland

Name: TEST

Address: Street 1
12345 Town

Malo:

456885421321

Period: 01.01.2022 - 31.12.2022

01.07.2023 - 31.07.2023

Supply meter point: 1234567896123456

*Zählpunkt Ausspeisung/
MeLo:*

4565461231

Meter number: 987654321

Biogas register statement about a biogas certificate

Number TEST2023071809535440808

Please check the validity of the register statement at: www.biogasregister.de/pruefung

Criteria	
01 Biomasse i.S.d. BiomasseV	17 Gärrestabdeckung/Gasfackel
02 Ausschließlichkeit	17a Gasfackel
05 Einsatzstofftagebuch	18 Landschaftspflege
07 Erdgasqualität für gesamte Menge	20 Klärgas ausschließlich
11 Kapazität bis 350 Nm ³ /h	32 Nennleistung 0-700 Nm ³ /h
16 eine Anlage/Betriebsgelände	

These properties were separated from the amount of biogas documented above according to the separation declaration. According to the declaration of a previous owner (intermediate supplier) of the biogas, the properties documented above were separated from the commodity gas and the gas sold as non-biogas without biogenic properties.

Notes:

This biogas register extract was created on 18.07.2023 around 09:53 and bears the number TEST2023071809535440808. With the help of this number the existence and status of this biogas register extract can be checked under www.biogasregister.de. It also allows a clear traceability by the registry administrator.

This biogas register extract documents the information provided by the biogas producer and, if applicable, other users of the biogas register as well as the information provided by the expert opinions of one or more experts. Further information on this can be found at www.biogasregister.de, in particular in the form of the "General Principles of Functioning" of the German Biogas Register (in its current version).

The users of the Biogas Register Germany have undertaken not to use any further verification or documentation systems for the marketing of the same quantity of biogas for the purpose of obtaining remuneration or evidence in accordance with the EEG and EEWärmeG when marketing biogas with the aid of the Biogas Register Germany. Furthermore, the user companies of the German Biogas Register have undertaken to comply with the requirements of the double marketing ban pursuant to §56 EEG 2009/2012 and § 80 EEG 2014.
